

4-inch sealed LED taillights present an attractive red glow around the edges, turning bright red in the center when brakes are applied.

The glove box proudly displays the ICON 900 Kenworth insignia plus a stainless steel plaque denoting the truck's limited edition exclusivity.

Amber LED side turn indicators, as well 4-inch sealed LED stop, turn and taillights, emit a unique glow — adding a special ambiance whether you're coming, going or sitting still. A distinctive, newly stylized Kenworth name badge — created specifically for the ICON 900 — features proudly on both sides of this very long hood.

The distinctive silver Kenworth name badges have been carried to the door pad and glove box. The interior also includes ICON 900 logo embroidered leather seats, leather covered sleeper sofa and a polished stainless steel shift boot ring.

ICON 900 — TIMELESS, CLASSIC STYLE, HERITAGE OF QUALITY, A TRUCKER'S TRUCK

Kenworth's long-nosed conventional is the enduring symbol of American trucking -- a perfect fusion of power, luxury, craftsmanship and traditional styling. For most professional drivers, it also represents the ultimate reward, a uniquely personal icon that stands for their dedication, achievement and sense of pride. It doesn't get any better than a W900L. Unless, of course, you choose the ICON 900, an exclusive limited-edition of this legendary classic.

Tell the world you've arrived.

ANNOUNCE YOUR ARRIVAL WITH THE STUNNING DETAILS OF THE ICON 900

The ICON 900 includes cowl-mounted stainless steel air cleaners with LED feature lights front and rear. Polished stainless steel panels behind the fenders along with the silver Kenworth insignias give the ICON 900 a finished look.

Above the windshield is a large polished stainless steel sun visor. New clear lens marker lights with amber colored LED's shine bright while drawing less power. Optional LED flood lamps for the back of the sleeper are also available.

ICON 900

Decorative stainless steel eyebrows add a nice touch to high-tech complex reflector headlamps. Below the headlamps are stainless steel fender guards. The radiator features vertical polished aluminum ribs and a chrome closeout panel beneath the grille for extra finishing details.

Stainless steel panels with amber LED lamps light the undercarriage beneath cab and sleeper. Polished aluminum battery and tool boxes along with polished stainless steel air intake shrouds are also included.
